Prep S’s Recipe for a Happy Classroom

**RESILIENCE**
We bounce back when we are feeling sad.
We try not to let things get us.

**RESPECT**
Be nice to everyone.
Concentrate and listen to the teacher.
Look after each other and our school.
Use our magic words; Please, thank you and excuse me.

**EXCELLENCE**
We always try our best.
We are nice to everyone.
We work as a team.

**CREATIVITY**
We make and create our own ideas.
We try our best when we make things.

**TOLERANCE**
We take turns and share.
We wait patiently.
We understand everyone is.

**SAFETY**
We tell the teacher when something is wrong.
We listen to the teacher.
We play nicely.

**PERSISTENCE**
We never give up.
We keep on going.
We keep trying until we get the work done.

**ENCOURAGEMENT**
We tell our friends they are doing a good job.
We help each other.
When we are trying to solve a problem we can:

- Say “Please stop that, I don’t like it!”
- Walk away
- Find a teacher to help us.
- Find our buddies

If we don’t work towards making a happy classroom we might have to:

- Say “Sorry” for our wrong choice.
- Miss out on an activity or some of our playtime.
- Draw a picture of what we did wrong and another
picture of what we could have done instead.

• Talk to Mum and Dad about what we have done.
